

WALCO-LINCK COMPANY
18 Ford Products Road
Drawer A
Valley Cottage, NY 10989

MATERIAL SAFETY DATA SHEET

SECTION I: PRODUCT IDENTIFICATION

MANUFACTURER'S NAME: Walco-Linck Company
EMERGENCY PHONE NUMBER: 914-353-7600
TRADE NAME: TAT Liquid Power Jet Stream with Residual Action, EPA Reg. No. 506-176
CHEMICAL NAME: N/A: Proprietary Formula
CHEMICAL FAMILY: N/A: Proprietary Formula
MOLECULAR FORMULA: N/A: Proprietary Formula

SECTION II: HAZARDOUS INGREDIENTS

Petroleum Solvent-Aliphatic (CAS #64767-47-8) TS% TLV: 350 mg/m³

TS = Trade Secret

SECTION III: PHYSICAL DATA

Appearance: Clear pressurized liquid	Specific Gravity: 0.805 (6.71 pounds/gallon)
Odor: Solvent-like	Solubility in Water: Not Determined
Boiling Point: Not Determined	Percent Volatile: Not Determined
Vapor Pressure: Not Determined	Evaporation Rate: Not Determined
Vapor Density: Not Determined	Melting Point: Not Applicable

SECTION IV: FIRE AND EXPLOSION HAZARD DATA

Flash Point: 125°F; 0" flame extension **Flammable Limits:** Not Determined
Fire Extinguishing Media: Foam, dry chemical or CO₂ extinguisher
Special Fire-Fighting Procedures: Fire fighters should use self-contained breathing apparatus and remove all unprotected persons from the area. Products of combustion from fires involving this product may be toxic. Avoid breathing smoke and mists. Avoid personnel and equipment contact with fallout and runoff. Minimize the amount of water used for fire fighting. Contain and isolate runoff and debris for proper disposal. Decontaminate personal protective equipment and fire fighting equipment before reuse.
Unusual Fire and Explosion Hazards: Toxic fumes from burning containers and packaging may cause inhalation hazard. Extreme temperatures may cause explosion of pressurized containers.
NFPA RATINGS: Health = 1; Flammability = 2; Reactivity = 1; Special = ND
[Least = 0; Extreme = 4; ND = Not Determined]

SECTION V: HEALTH HAZARD DATA

Threshold Limit Value: Not Determined
Primary Route of Exposure: Inhalation
Effects of Overexposure: This hazard evaluation is based on data from similar products/materials.
EYE CONTACT: Can cause temporary irritation, tearing and blurred vision.
SKIN CONTACT: Prolonged or repeated exposure can cause irritation and redness of the skin, progressing to dermatitis.
DERMAL TOXICITY: The systemic toxicity of this product has not been determined. However, it should be practically non-toxic to internal organs if it gets on the skin.

Effects of Overexposure (continued):

RESPIRATORY/INHALATION: The systemic toxicity of this product has not been determined. However, excessive inhalation can cause nasal and respiratory irritation, nausea and nervous system disorders, such as fatigue, dizziness, headaches, lack of coordination, tremors and unconsciousness.

INGESTION: The systemic toxicity of this product has not been determined. However, ingestion can cause stomach irritation resulting in nausea, cramps and vomiting. Also can cause nervous system disorders, such as fatigue, dizziness, headaches, lack of coordination, tremors and unconsciousness.

Emergency and First Aid Procedures: **EYE CONTACT:** Immediately flush with plenty of water. Get medical attention if irritation persists. **SKIN CONTACT:** Remove contaminated clothing and wash before reuse. Wash affected skin with soap and warm water. Get medical attention if irritation persists. **INHALATION:** Remove person to fresh air. Apply artificial respiration if indicated. Contact a physician if warranted. **INGESTION:** Call a physician or poison control center immediately. Do not induce vomiting due to aspiration pneumonia. Product contains petroleum distillate. Gastric lavage may be indicated in cases of ingestion.

SECTION VI: REACTIVITY DATA

Stability: Stable

Conditions to Avoid: Extreme temperatures (>130°F) and acidic or alkaline conditions may cause product to break down.

Incompatibility (Materials to Avoid): Contact with strong oxidizers

Hazardous Decomposition Products: None known

Hazardous Polymerization: Will not occur

Conditions to Avoid: None known

SECTION VII: SPILL OR LEAK PROCEDURES

Steps to be Taken in Case Material is Released or Spilled: Do not contaminate water by disposal of wastes. Eliminate all ignition sources. Contain the spill and prevent this product from reaching surface waters or other water supplies. Soak up the spill with an appropriate absorbent material and transfer into non-permeable waste containers for disposal. Clean the spill area with detergent and water.

Waste Disposal Method: Partially filled and empty containers may be disposed of by securely wrapping in several layers of newspaper and discarding in trash. Do not reuse any empty containers. Contaminated absorbent and wash water should be disposed of according to local, state and federal regulations.

SECTION VIII: SPECIAL PROTECTION INFORMATION

Respiratory Protection: None required

Ventilation: Normal

Other Protective Clothing: None required

SECTION IX: SPECIAL PRECAUTIONS

Precautions to be Taken in Handling and Storing: *It is a violation of Federal law to use this product in a manner inconsistent with its labeling.* Read entire label before using. Use strictly in accordance with label precautionary statements and directions. Do not contaminate food or feed. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures greater than 130°F may cause bursting. Incineration may cause explosion. Store in a cool, dry area away from heat, sunlight or open flame.

SECTION X: REGULATORY INFORMATION

This product contains 0.06% d-trans Allethrin (CAS #28057-48-9), 0.12% Piperonyl Butoxide, Technical (CAS #51-03-6), 0.20% N-Octyl bicycloheptene dicarboximide [MGK- 264] (CAS #113-48-4) and 0.20% Esfenvalerate (CAS #51630-58-1). The remaining composition (99.57%) is inert ingredients.

This product contains no chemicals subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

This product contains no chemicals found on the following regulatory lists: RCRA/CERCLA, Subpart Z.

This product contains no chemicals found on any state substances list.

DOT Shipping Name: Consumer Commodity
DOT Hazard Class: ORM-D (AEROSOL)

Rev. 10/95
Supersedes 01/93 Version

The information provided herein was believed to be accurate at the time of preparation and prepared from a compilation of sources believed to be reliable, but it is the responsibility of the user to investigate and understand other pertinent sources of information, to comply with all laws and procedures applicable to the safe handling and use of this product and to determine the suitability of the product for its intended use. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
